February 2026

Howdy St. John's Family,

February is one of the shortest months in the year and often one of the coldest! While you're stuck inside with friends and family it is a perfect opportunity to work on your listening skills! In fact, today we are going to be learning about the tribe of Simeon, which in Hebrew means "one who listens and one who hears". We also see Simeon as being interpreted to mean listening and understanding or empathizing. Simeon is the Second son of Jacob, and his name may seem a little ironic when we visit Genesis chapter 34.

In this chapter of Genesis, we see but when Simeon finds out about his sister, Dinah, being defiled by a Hivite named Shechem, and so Simeon and Levi come up with a plan of revenge. They created a false treaty with the family of Hamor, which involved all of the men of the city being circumcised (Gen 34:15). Instead of living peacefully, Simeon and Levi took their swords and attacked the unsuspecting city killing every male. Jacob ends up disciplining his two sons because what they did was wrong, and it made many of the neighboring communities pretty anxious about trusting Jacob and his family.

We know from the Bible, but Jacob didn't really get over this act of violence and betrayal, because in Genesis chapter 49 he ends up cursing Simeon and Levi so that their tribes may be dispersed in Israel. By the time that we get to the book of Joshua chapter 19 we see that the tribe of Simeon is small and forced to share territory with the tribe of Judah which greatly outnumbered them. When I think about the tribe of Simeon, I can't help but focus on the irony. Simeon's name means to empathize and to listen, but that is the opposite of what he does as he seeks revenge and refuses to offer grace even when a peace treaty has been negotiated. It reminds me of one of the first books that I read in seminary, *The Sacred Art of Listening*, by Kay Lindahl. This book talks about how we can retrain our brains to really be present and listen to one another, rather than focusing on how we are going to respond. I think this is something that we could all use practice with! Blessings to you as you work on listening in February.

## **February Special Mission Offering**

Our Special Mission for February is Turning Point of the Lehigh Valley. For almost 50 years, Turning Point has been offering compassionate care and shelter for victims of Domestic Violence and Partner Abuse. Unfortunately, the need has not significantly decreased over this period. In fact, Turning Point helped over 3500 Lehigh Valley residents in fiscal year 2021-22 and increased again to 3772 for FY 2024-2025.

St John's has supported Turning Point over the past years by donating money and items to support their Services and Shelter. This month we asking you to continue this support by donating items on their Wish List (found on the Mission Bulletin Board in the Great Hall) and/or making a monetary contribution. The

monetary contribution may be made either by using the blue pew or weekly offering envelope (be sure to designate Turning Point) or the Donate Button on the Church website.

Thank you for considering to help in continuing St. John's support of this vital ministry.

Respectfully Submitted by William Falla

### Bible Bites

Did you know that unicorns were mentioned 9 times in the King James Version of the Bible? Why doesn't my bible talk about unicorns? Here is the story, in the original KJV translation, they took the Hebrew word *re'em* and translated it as *unicorn*. When the word *re'em* gets translated from Hebrew into Greek we get *monokeros*, with *mono* meaning one and *keros* meaning horn. In the Latin, when finally get the word *unicornis*, which means "one horned animal". If we look at other references and ratings we see that this *re'em* was a large one or two horned creature that was probably describing a now extinct species of wild cattle known as aurochs. In media depictions of unicorns, they are graceful horse like creatures with one horn in the center of their head; the creature of the Bible was more like a big crazy bison with horns like a bull. So the next time that the unicorn shows up in your Fantasy novel or television show, remember the unicorn of the Hebrew Bible.
